

## CHÂTEAU-DU-BEC

Bed & breakfast, self-catering suites rent  
Reception rooms and seminars

Welcome to the Château du Bec. Our hospitality is based on three points: friendliness, respect and pleasure.

### THE ESTATE

The Château du Bec is 17kms (about 10 miles) from le Havre and 12kms (about 8 miles) from Etretat. In the courtyard of this thousand year old château, an historical monument, you can imagine you are a king or a queen, you can take a walk around the ponds, a rest by the springs, enjoy our 7 hectares (about 21 acres) of woods and our animals. Once you are through the gates, time stands still. Only peace and quiet remain...

### OUR PHILOSOPHY

We wish to protect nature. The various buildings are heated either by wood or aquathermal furnaces. We also have an agreement with EDF (the French electricity company) to favor sustainable energy.

### YOUR SELF-CATERING LODGINGS

We have two self-catering suites and two bed and breakfast suites in the left wing of the main building. A third bed and breakfast suite is located outside of the main building. You will discover an ideal, refined and comfortable setting for your visit.

### YOUR SUITE

The « Cabane du Bec » suite is located outside of the main building. This peaceful location beside the river offers a queen size bed 160x200 and a shower with toilet. The particularity of this room is behind its windows. There is a terrace above the river, it is equipped with a table and 2 chairs. The room also has a stereo. Breakfast is served in what used to be the stables.

The conception is contemporary to contrast with the site. An interior decorator designed the rooms and picked out the high quality contemporary furniture. To finish the décor contemporary paintings from the art gallery "Les Mots Passants" are on the walls. If you fall in love with one of these paintings you may acquire it. We also sell our organic products: Limoncello (a lemon liqueur), home made cider and olive oil from Sicily.
